Use of Google Analytics

This website uses Google Analytics, a web analytics service provided by Google Inc. (following: Google). Google Analytics uses so-called "cookies", .ie. text files that are stored on your computer and that allow an analysis of the use of the website by you. The information generated by the cookie about your use of this website is usually transmitted to a Google server in the USA and stored there. However, due to the activation of IP anonymization on these websites, your IP address will be shortened beforehand by Google within member states of the European Union or in other contracting states of the Agreement on the European Economic Area. Only in exceptional cases will the full IP address be sent to a Google server in the US and shortened there. On behalf of the operator of this website, Google will use this information to evaluate your use of the website, to compile reports on website activity and to provide other services related to website activity and internet usage to the website op-

erator. The IP address provided by Google Analytics as part of Google Analytics will not be merged with other Google data.

The purposes of the data processing are the evaluation of the use of the website and the compilation of reports on activities on the website. Based on the use of the website and the Internet, other related services will be provided. The processing is based on the legitimate interest of the website operator.

You can prevent the storage of cookies by a corresponding setting of your browser software; however, please note that if you do this, you may not be able to use all the features of this website to the fullest extent possible. In addition, you may prevent the collection by Google of the data generated by the cookie and related to your use of the website (including your IP address) as well as the processing of this data by Google by downloading the browser plug-in available under the following link and install: Browser Add On to disable Google Analytics (<https://tools.google.com/dlpage/gaoptout?hl=en>).

Embedded YouTube videos

On some of our websites we embed Youtube videos. The corresponding plug-ins are operated by YouTube, LLC, 901 Cherry Ave., San Bruno, CA 94066, USA. When you visit a page with the YouTube plug-in, it will connect to Youtube's servers. Youtube will be informed which pages you visit. If you are logged into your Youtube account, Youtube can assign your surfing behavior to you personally. This can be prevented by logging out of your Youtube account beforehand.

If a Youtube video is started, the provider uses cookies that collect information about user behavior.

Anyone who has disabled the storage of cookies for the Google Ad program will not have to expect such cookies when watching YouTube videos. Youtube also stores non-personal usage information in other cookies. If you want to prevent this, you must block the storage of cookies in the browser.

For more information on data protection at "Youtube", see the privacy policy of the provider at:

Google AdWords

Our website uses Google Conversion Tracking. If you have reached our website via an advertisement sent by Google, Google Adwords will set a cookie on your computer. The conversion tracking cookie is set when a user clicks on a Google-served ad. These cookies lose their validity after 30 days and are not used for personal identification. If the user visits certain pages on our website and the cookie has not expired, we and Google may recognize that the user clicked on the ad and was redirected to this page. Each Google AdWords customer receives a different cookie.

Cookies can not be tracked through AdWords advertisers' websites. The information gathered using the conversion cookie is used to generate conversion statistics for AdWords advertisers who have opted for conversion tracking. Customers are told the total number of users who clicked on their ad and were redirected to a conversion tracking tag page. However, they do not receive information that personally identifies users.

If you do not want to participate in the tracking, you can refuse the required setting of a cookie - for

example via a browser setting that generally disables the automatic setting of cookies or sets your browser to block cookies from the domain "googleleadservices.com".

Please note that you can not delete the opt-out cookies as long as you do not want to record measurement data. If you have deleted all your cookies in the browser, you must set the respective opt-out cookie again.
